

Suzette's art on display in Methodist Church gallery

Over the past month I was proud to serve as guest artist for the First United Methodist Church's art gallery in downtown Peoria. Stop by the Church's Fine Art Exhibit this month where you'll see my "Space of Peace" along with art by other local area artists.

"Golden Light" sells at CAC Auction

"Golden Light"

It's always a treat to donate a piece of art for a good cause. It's an added bonus when a piece sells, such as "**Golden Light**" that was sold at the Contemporary Art Center's recent Fine Art Auction. Love it when my art lands in appreciative hands!

Need a set of personal notecards?

My personal, hand-painted notecards can say "*Thank you*" and "*Thinking of you*" like no other. I can even paint a set of personalized notecards with your name on them like I did for my friend George Brown. Here is the notecard I painted for George in forest green and cranberry, with a touch of gold for a little extra flair.

"I wanted to have personalized thank you cards to use for professional and personal acknowledgments that were original art so, because I admire the aesthetic and quality of your work, I turned to you!" remarked George in an email to me.

You can order your personalized notecards through PayPal at the HeartART notecard section of my website at www.SuzetteBoulais.com.
